

# Scottish Health Technologies Group

**Week 0: HealthTech Connect submission received**

## **Week 1: Initial Review**

Checked for eligibility:

- Has the technology achieved, or is about to achieve, regulatory approval?
- Is it a technology likely to offer a benefit for health and care in Scotland?
- Is there at least some research evidence available?
- Will selecting the technology duplicate work being done by the other Data Accessors?

**Eligible**

**Not eligible**

Innovator is not contacted

## **Week 4: SHTG topic selection**

Decides if the topic should be selected for assessment by SHTG

**Selected**

Innovator informed & next steps discussed

**Not selected**

Feedback given to innovator

## **SHTG Health Technology Assessment**

Usually in the form of:

- Innovative Medical Technologies Overviews (usually takes 1- 3 months)
- SHTG Assessment (*Previously called SHTG Advice*; usually takes 3-6 months)
- SHTG recommendations (*Previously called Evidence Synthesis*; usually takes 6 months)
